5.) Data protection rights for data subjects

All data subjects have the right of access under Art. 15 GDPR, the right to rectification under Art. 16 GDPR, the right to erasure under Art. 17 GDPR, the right to restriction of processing under Art. 18 GDPR and the right to data portability under Art. 20 GDPR. Consent given can be revoked at any time. The revocation of consent does not affect the legality of the data processed until the revocation.

Right to object:

In accordance with Article 21 GDPR, data subjects also have the right to object at any time to the processing of personal data concerning them. This applies in particular to these cases:

A) Individual right to object (Art. 21(1) GDPR)

Data subjects have the right to object, on grounds relating to their particular situation, at any time to processing of personal data concerning them which is based on point (f) of Article 6(1) GDPR (data processing on the basis of a balancing of interests). If the data subject objects, we will no longer process their personal data unless we can demonstrate compelling legitimate grounds for the processing which override the interests, rights and freedoms of the data subject or the processing serves the establishment, exercise or defence of legal claims.

B) Right to object to the processing of data for direct marketing purposes (Art. 21(2) GDPR)

In individual cases, we process the personal data of our Jubilee-Club members for direct marketing purposes (by post and email). The right to object can be exercised by the data subject at any time. Delimitation: Electronic or postal communication that takes place to fulfil business transactions related to Jubilee-Club membership is not affected by an objection to direct marketing.

Data subjects may send their requests to exercise their rights informally by post or email, stating their full name: SCC EVENTS GmbH, Olympiapark Berlin, Hanns-Braun-Strasse 4, 14053 Berlin or jubilee@scc-events.com.

Right of appeal:

If data subjects suspect that their data is being processed unlawfully by SCC EVENTS, they can of course seek judicial clarification of the issue at any time. Data subjects also have every other legal option available to them. Irrespective of this, data subjects have the option of contacting a supervisory authority in accordance with Art. 77(1) GDPR. The right to lodge a complaint pursuant to Art. 77 GDPR is available to data subjects in the EU Member State of their place of residence, their place of work and/or the place of the alleged infringement, i.e. they can choose the supervisory authority to which they turn from the above-mentioned places. The supervisory authority with which the complaint has been lodged will then inform them of the status and outcome of the complaint, including the possibility of a judicial remedy pursuant to Art. 78 GDPR.

The data protection supervisory authority responsible for SCC EVENTS is:

Berlin Commissioner for Data Protection and Freedom of Information, website: <https://www.datenschutz-berlin.de/>

Note on the publication of personal data and Pictures on the Internet:

Once Jubilee Club membership data has been published on the SCC EVENTS websites, the data can be accessed worldwide on the internet. Further dissemination or indexing by search engines or copying by third parties are thus possible. Deletion of this data cannot be thoroughly ensured.

In principle, when personal data is published on the internet (regardless of the platform chosen), it cannot be ruled out that it will also be accessed from countries that do not have an adequate level of data protection. A permissible publication of personal data on the internet is not a transfer of personal data to a third country in this sense.

Therefore, please contact us directly if you have any questions or requests regarding these topics: Withdrawal of consent or objection to data processing when names or images are published on SCC EVENTS websites and social media presences, on video platforms, on websites and social media channels of other operators (sponsors, photo and video service providers), in the press or in media reports.

6.) Data transfer to a third country or an international organisation

As part of the organisation and implementation of the sports event, we sometimes transfer the personal data of participants to third countries or international organisations. A list of these services and service providers that may be used is described in this section.

Third countries are countries outside the EEA in which the GDPR is not directly applicable. The level of data protection is not comparable to that in the EU. In order to compensate for the existing data protection deficit in the event of a lack of an adequacy decision, we have agreed further suitable guarantees for the processing of personal data with the service providers concerned in the third country or with the international organisation in addition to the standard data protection clauses, so that the data protection standards for these data transfers are compatible with the statutory data protection provisions of the EU and adequate protection is guaranteed when processing personal data.

7.) Voluntariness and obligation to provide personal data

The registration in the Jubilee Club and the use of the membership benefits is generally carried out voluntarily. To verify the membership application, the data required to verify the membership in the Jubilee Club based on the Jubilee Club Regulations must be provided. Failure to provide the data will result in the inability to review the membership application.

We have marked information that can be provided voluntarily in the respective forms. Consent can be revoked at any time by the data subject for the future.

8.) Automated decision-making, implementation of profiling

In principle, we do not use exclusively automated decision-making within the meaning of Article 22 GDPR for the organisation and implementation of our event.

"Profiling" means any form of automated processing of personal data evaluating personal aspects relating to a natural person, in particular to analyse or predict the work performance, economic situation, health, personal preferences or interests, reliability or behaviour, location or movements of the data subject, where this produces legal effects concerning the data subject or similarly significantly affects him or her. The data of the Jubilee-Club Members will not be processed for the purpose of profiling at SCC EVENTS GmbH.
